MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: *Architectural and Engineering Instructions (AEI) for Installation Support, Second Edition*

1. In support of the Chief's re-engineering initiatives to improve support to our installation customers, we need to fully utilize the tools available to us to revitalize and enhance design and engineering support to our military installations. The enclosed updated AEI continues to pull together these tools into one comprehensive document for our engineering elements to make maximum use of them in support of our military installations. This AEI is a living document and is being reviewed, updated, republished, and redistributed on a continuous basis for the purpose of revitalizing and enhancing our design and engineering support to our military installations.

2. I truly believe in the greatness of our champions at all levels throughout the Corps who contribute to the Army and the Nation with their superb knowledge, teamwork and unwavering commitment to public service. We continue to need your innovative ideas to share with others. Provide your ideas to my Installation Support champion here in the Engineering Division, Mr. Stanley Swofford, R.A., CEMP-EA, telephone *DSN* 763-0441 or COM (202) 761-0441, facsimile *DSN* 763-8815 or COM (202) 761-8815, *Internet* stanley.swofford@inet.hq.usace.army.mil.
